Dear Jonathan Reji,

Congratulations on your acceptance into the Full-Time Master of Science in Business Analytics program at the University of Rochester's Simon Business School beginning Pre-Fall 2020! I believe you have what it takes to accomplish great things as a Simon student and realize success as a business leader. A Simon education is guaranteed to bring a new level of clarity to your personal and professional goals.

I invite you to review our admitted student booklet and online Admitted Student Portal (ASP) for resources that will ensure a smooth transition to business school. The Enrollment Guide will serve as your step-by-step checklist of onboarding activities, including how to accept our admission offer, submit your official transcripts and test scores, register for our required orientation, and more! *This admission offer is contingent upon successful completion of all onboarding activities in advance of your arrival to orientation, including receipt and verification of all official copies of transcripts and test scores.* You can access the ASP via suggested links throughout the booklet or refer to the main link included in your acceptance email. Please note that *Orientation and Pre-Fall classes are mandatory and start in July.* For your planning purposes, please plan to arrive to Rochester at least one week prior to Orientation to allow time to settle into your new home. You can refer to the Academic Calendar for specific dates.

I hope you choose to enroll at Simon. Here, you will make meaningful connections that last, and your degree will be more than a respected credential. Secure your spot by submitting your enrollment response form and a non-refundable \$3,000 (USD) admissions deposit via the ASP, to be paid in two installments of \$1,500. The first installment is due by February 5, 2020 and the second by April 1, 2020. Your deposit will be credited toward your tuition and student fees for the fall term.

We're confident your Simon education will advance your career. If you're ready to achieve a new level of clarity: about how analytical frameworks drive business; about what it takes to collaborate and manage in the contemporary, global workplace; and about your professional growth and goals, then Simon is the school for you! I look forward to your reply.

Sincerely,
